

# Thompson's Tea

Ambient

## Background

We are Thompson's Tea, a fourth-generation family business, born and blended in Belfast since 1896.

It all started for us at a tea warehouse near Belfast docks, where founder Robert S. Thompson trained in the art of tea tasting and soon became known for his uncompromising devotion to quality.

Today, as the makers of Northern Ireland's best-selling tea, Punjana, we have been proudly blending and packing our award-winning range in Northern Ireland for over 120 years.

As fourth generation Thompsons, we share a passion for quality and take great pleasure in selecting teas from only the very finest gardens in Assam, Kenya and beyond. It takes a certain amount of courage to choose what is best over what is most profitable, but we simply can't be persuaded to do it any other way.

These tea leaves are naturally highly prized and command a greater price; there is a great sense of pride to producing a cup of tea that is just that bit better. To this day, each and every blend we produce is first tasted and then approved by a member of the Thompson family.

Our mission has always been to create the perfect everyday cuppa. A tea that has superior taste and flavour but still affordable. Easier said than done...but give it a try, we think you'll love it!
