

Scotts Bakery

Fresh

Background

Scott's is a family-run bakery which was established in the late 1960s initially specialising in traditional fairy cakes.

The company currently employs 150 people at its bakery in the Clogher Valley region of Co Tyrone.

Scott's range of cakes are supplied in both Scott's and supermarket retailer brands all over the UK and Ireland.

In February 2017, Scott's secured a lucrative listing with Tesco which will see its gluten free cakes range stocked in more than 500 of the retail giant's stores across Britain.

Scott's recently invested £1.5 million in the business and hired 30 new staff to increase capacity for new customers.
