

# Draynes Farm

Chilled Fresh

## Background

For over 80 years, Draynes Farm in Lisburn has been synonymous with the very finest milk and dairy products. And in all that time, we've never lost our passion for producing great tasting milk and cream. We've come a long way since delivering milk from churns on a horse-drawn cart in the 1930s... not least in our scrupulous attention to healthcare and hygiene!

If we've learned any thing in that time, it's that our convenience, reliability and flexibility really make us stand out from the crowd. Operating from the family farm, we produce, process, bottle, package and distribute the milk and cream ourselves. This means we can get it to you quicker and fresher, so it has a longer fridge life, with less wastage. The consistent quality and pureness of our milk makes it the first choice for many chefs and catering staff. Both our whole and semi-skimmed milks are especially popular with cafes and restaurants, where achieving a superb froth on coffee is paramount.
