

Antrim Hills Spring Mineral Water Co Ltd

Chilled

Background

Formed in 1989, Antrim Spring Water is a family-owned and managed business which operates from a state-of-the-art processing plant.

The company supplies natural spring and flavoured water to major retailers in the United Kingdom, Asia and UAE.

Antrim Hills' USP is the purity of its water source - naturally occurring Artesian Spring which is filtered through blue basalt rock in a fully controlled catchment area. All of Antrim Hills products are bottled at source.

Premium brands include Water Within, a 100% natural Irish artesian spring water range including still artesian spring water, naturally flavoured spring waters and juicy spring waters.

Water Within Kids Range - Drip and Drop.
