

# Pritchitts

Ambient Chilled Frozen

## Background

Pritchitts delivers specialist, value-added products to the global foodservice and bakery markets including a wide range of high quality extended life and long life dairy products especially developed for caterers.

The company, which is based in Newtownards, County Down and with a marketing operation at Bromley, Kent, is the foodservice arm of Lakeland Dairies, one of Ireland's leading Dairy Co-operatives.

It has a range of products developed specifically for chefs and caterers including milk sticks for airlines and other transport operators.

Key brands are Millac, Roselle, Comelle and Viva and they include products that are essentially dairy based but in many cases have been enhanced to make them more user-friendly and cost-effective for the busy caterer.
