

Glenballyeamon Eggs Ltd

Fresh

Background

Award winning Glenballyeamon Eggs is located in the heart of the green Glens of Antrim and have been providing fresh, free-range eggs since 1997 when farmer Niall Delargy began the business with a dozen hens.

Working with the Woodland Trust over the last 3 years, he has been on a journey to future proof his SALSA accredited farm, to ensure his hens to feel good about going outside to a natural environment where they can forage.

Niall recently built a 4,500 sq ft office and packaging facility onsite, increasing packing capacity for his range of 'Out There' eggs from 2k to 20k eggs per/hour.

Reflecting his commitment to a secure supply chain, Niall has collaborated with cloud based software company, Eggbase, to build a bespoke van sales digital traceability system which is first to market in the egg industry in the UK and Ireland.
