Chilled Frozen

Background

At Crust & Crumb, we are proud to lead the industry as Ireland's largest manufacturer of ambient, chilled, and frozen dough-based products, including gluten-free options. Our expertise spans private-label pizza bases, topped pizzas, garlic breads, wraps, and flatbreads, which we craft in close collaboration with leading retail and foodservice partners.

With six advanced BRC 'AA' accredited production facilities across Counties Fermanagh, Armagh, and Cavan, including a specialised Free-From site, we are globally recognised for our leadership in flatbread and garlic bread production.

Central to our success is our state-of-the-art Innovation Centre, where our dedicated product development and innovation team operates. This cutting-edge facility allows us to push the boundaries of our business, transforming the latest food trends into scalable, commercial products.

By continually exploring new culinary possibilities and refining our processes, our Innovation Centre plays a vital role in keeping us at the forefront of the industry. Our commitment to quality, service, and innovation is also embodied in our two flagship brands: Crust & Crumb Takeaway and Delicio.

Crust & Crumb Takeaway is designed for sharing, offering a convenient, big-value, high-quality takeaway experience at home. Our mix-and-match meal deals, featuring Mega Mains, Slammin' Sides, Darin' Desserts, and Dunkin' Dips, make every occasion special.
