

Dunbia

Chilled

Background

Dunbia is an established multinational food company operating across ten sites in the UK and Ireland and from sales offices throughout Europe.

The company prides itself on the relationships it has with its stakeholders and delivers the most efficient and effective supply chain from field to fork.

Dunbia has a reputation for excellence in innovation and is market leader in original and creative product development. High calibre employees ensure Dunbia is at the cutting edge of market trends to produce the right products that meet customer needs.

Dunbia launched its Butchery Academy based at the company's headquarters in Dungannon in Northern Ireland in 2011. The Butchery Academy was launched to offer an attractive choice for school leavers and enables them to gain the skills needed to achieve a recognised accreditation, the NVQ Level 2 in Food Manufacture.

Product Range

Beef, Lamb & Pork

Customers

Dunbia serves every market sector including the UK's largest multiple retailers and food manufactures, and exports to a vast customer base in over fifteen countries. The quality of Dunbia's products and high service levels have been recognised by winning several prestigious industry awards in the last eighteen months including 'Star Supplier', 'Best for Innovation' and 'Best British Product'.
