

GOLDEN POPCORN

Golden Popcorn

Ambient

Background

Golden Popcorn Ltd is a Northern Ireland based popcorn manufacturer, in operation since 1998.

The firm makes ready-to-eat Sweet and Salted popcorn for cinemas throughout the province (including all Movie House Cinemas) and the Republic of Ireland.

In addition to this, they produce pre-packaged popcorn which is available in Asda, Sainsburys and Tesco, Dunnes, Supervalu and Aldi, as well as many other retail outlets.

The company also sells all the ingredients required for making popcorn, for those who wish to make it themselves.

In April 2021 Golden Popcorn launched a new low calorie crisp alternative. Healthier snacking doesn't have to be boring and Golden Popcorn's new Gourmet Crunch snack certainly fits the bill.

Golden Popcorn has also enhanced its marketing through the application of interactive social media such as Facebook, Twitter and Instagram
