

Heavenly Tasty Organics

Ambient

Background

Heavenly is the award winning brainchild of Shauna McCarney-Blair, a mum to four children, and a lover of all things organic and nutritious.

Shauna first came up with the idea for Heavenly when she was frustrated by the limited choice of baby food products in Northern Ireland for children, and then when her children were diagnosed with allergies and the choice was limited even further, she knew she had to do something about it.

Shauna began by creating a guilt-free range of organic baby weaning meals for the Northern Ireland and Republic of Ireland market, and now Heavenly has moved into snacks, with stockists across the UK, Ireland, Europe and the Middle East.

The new snack range, packed with superfoods including spinach, Kale, buckwheat and coconut milk, offer parents a healthy snack alternative for their babies and toddlers from 6 months+.

With no added sugar or salt Heavenly are leading the way in helping parents provide a healthier lifestyle choice for the future generation.

Our Promise:

At Heavenly we promise to provide products that are: Natural, Nutritional, Innovative, Transparent & Responsible.
