

Environmental Products & Services Ltd

Background

Environmental Products & Services Ltd (EPAS) seek to reduce our customers' operating costs, provide effective solutions, reduce carbon emissions and recycle the harvested waste streams into a renewable source of energy.

We aim to exceed our customers' expectations worldwide, with product quality, performance and value for money.

We operate a fully integrated Management System which meets the requirements of ISO 9001:2008, ISO 14001:2004 and OHSAS 18001 and have implemented the Business Excellence Model (EFQM), to facilitate effective quality and environmental management and to deliver continuous improvements in all that we do.
