

Tamnagh Foods Limited

Ambient Fresh

Background

Tamnagh Foods, established in June 2010, is an Irish artisan food company based in the Sperrin Mountains County Derry, Northern Ireland.

We specialise in the manufacture of a handcrafted range of relishes & chutneys and 2 types of granola, using locally sourced ingredients, under the Tamnagh Foods brand.

Our natural range of chutneys and relishes are made with no artificial additives or preservatives - some designed to specifically accompany our Dart Mountain Cheese range of cheeses. Our range comes in glass jars of 230

grams each and available in boxes of 9 wholesale.

Our Granola is handmade in small batches to ensure absolute quality of the finished product. Our granola comes in consumer friendly re-sealable bags, in boxes of 12 wholesale. We currently make Maple Nut & Fruit, and Honey Nut & Seed Granolas. They won Gold and Silver respectively at the Irish Food Awards 2014
