

Kitchenmaster NI Ltd

Background

Kitchenmaster has been manufacturing for over 25 years at its purpose built plant outside Belfast, from where the company dispatch speciality cleaning products all over the world.

If you are interested in buying catering hygiene, general cleaning and maintenance products for resale to hotels, restaurants, hospitals, nursing homes and industry, Kitchenmaster will be able to help you expand your business.

Kitchenmaster has over 120 products to select from, with the products available under both the Kitchenmaster brand and under your own label.

Many of the products are sold within a system and usage is controlled by dosing / dispensing equipment and all products are manufactured to quality control standards and dispatched within a maximum of five days from receipt of order.

We currently export to the following markets outside NI: ROI, GB, Europe, UAE and New Zealand. We sell in bulk to distributors across the world. The exception to this is in the UAE, where we sell directly to end users such as hotels, bars, hospitals etc.

DIRECTIONS FOR USE

Let me please take the usual, cordial welcome to all. Now, let me say, first, to the members of the faculty. You are the backbone of the institution. You are the ones who are responsible for the quality of the education that we provide. I am sure that you will continue to do a great job. I am sure that you will continue to be a great asset to the institution. I am sure that you will continue to be a great asset to the institution. I am sure that you will continue to be a great asset to the institution.
