Background

Mackle Petfoods, a family owned business founded in 1972 and based in Northern Ireland, has led the way in pet food products for over 30 years.

Operating two production facilities we produce a range of quality wet & dry dog foods and quality wet cat foods.

Products are supplied to wholesale, retail and pet specialist markets in a variety of formats; single 400g cans or 400g can multipacks (3pk, 6pk & 12pk), 1200g cans and single serve trays / pots. Recipes are tailored to suit various markets needs from a value range through to a super premium range in a variety of flavours.

Supported by vets and specialist pet nutritionists quality products are created and manufactured to strict quality guidelines with full traceability back to origin. Quality products are the result of sourcing local, fresh ingredients which contain no artificial colours or artificial flavours.

Customers can rely on Mackle Petfoods to deliver quality and value across the range.
