

The Classic Mineral Water Company

Chilled

Background

Established in 1948, The Classic Mineral Water Company has over 60 years experience in producing the highest quality mineral waters and soft drinks for its customers. Originally the company sold its products directly to the customers via its door to door distribution; however as market trends changed so did Classic's direction.

A producer of soft drinks and naturally flavoured mineral water from its own source, The Classic Mineral Water Company was one of the first companies in Ireland to achieve Mineral Water Status in 1994. The company remains a family-owned and managed business and produces a broad range of high quality soft drinks and mineral waters

The essential provenance and Irish heritage of Classic's sparkling and flavoured waters which use water sourced from artesian wells on the site of Classic's bottling plant in Lurgan.

Classic Mineral Water Company currently employs 30 people in Lurgan, County Armagh
