

# Broughgammon Farm

Chilled Fresh

## Background

We're obsessed with providing the best quality, tastiest produce fresh from our small farm in Co.Antrim, Northern Ireland.

We set up the farm back in 2011, when we saw that a majority of male kid goats born to the dairy industry were being put down at birth. This seemed such an unnecessary waste so we set out to take those males and rear them ourselves for delicious and healthy cabrito kid goat meat.

Since then we've branched out into rearing free-range rose veal and also seasonal wild game. We now have our own artisan on-site butchery, run seasonal cookery, butchery and wild game classes and have a little farm shop selling the best of Northern Irish and Irish produce.

We also deliver our meat boxes and unique charcuterie box all over Ireland and the UK.
