

## Kirk's Roux

Chilled

### Background

I'm a single dad and I've always loved to cook for my kids.

I find it really relaxing at the end of the day to cook dinner for my family and sometimes when I'm lucky they actually might just compliment my cooking!

So, one night I was making chicken in a white wine sauce with two moaning hungry teenagers hovering over me, generally getting in the way. "Time to speed this up I thought" So, I thought "I'll make a Roux".....But. I thought "Why cant you buy a ready made Roux?"

So...2 years later after a lot of sweat and tears with the help of CAFRE I have formulated a roux based on the best Irish butter from my home county and contains only 100% natural ingredients. It's easy and convenient to use and gives reliable results every time.

Why not give it a go today and add lustre and a touch of smooth luxury to your dishes , like I do.
