

We Are Shindigs

Ambient

Background

Originating in the heart of the Glens of Antrim, on the side of Lurigethan mountain, we've been packing potatoes since 1972. In the picturesque landscape of the Glens, overlooking the Irish sea, we have spent years refining our flavours and perfecting our packaging to ensure our Shindigs are fresh, vibrant and bursting with great flavour!

We take pride in using crisp seasoning that does not contain any artificial colours or flavours.
