

Fluffy Meringue

Ambient

Background

So many people love meringues but they can be difficult to make and shop-bought ones are often disappointing. Thankfully Catherine Finnegan is on hand. She makes meringues so fluffy that she called her business after them.

They are big and blooming and come in a variety of gorgeous flavours such as Pistachio and Elderflower, Salted Caramel, Chocolate Orange, Lemon, Raspberry and Chocolate and Honeycomb.

Buy them in boxes to take home or individually to munch on straight away at events or if you are in the beautiful county of Tyrone call in her fan artisan bakery on the farm. They are beef farmers buy they also grow Christmas trees.
