

Whoosh

Fresh

Background

Originally established in 2008 as an event catering business, Whoosh serviced corporate and private clients across Northern Ireland. The business opened its Thai & Vietnamese Street Food Café in 2013 in Coleraine and quickly gained a reputation for its fresh selection of Thai & Vietnamese street food, freshly cooked on site every day.

Our food is all about fresh, healthy and delicious fast food served in a casual setting or as an ideal food on-the-go alternative. Following the success of the café, we invested time in product development and turned our recipes into a range of instant rice noodle products for the food-on-the-go retail market.

November 2022 marked the launch of our first 3 Instant Noodle pots.
