

## **Boundary Brewing**

Ambient

### **Background**

A Cooperative Brewery, run and owned by over 2500 members, Boundary was the first brewery in Northern Ireland to focus on modern hop forward beer.

Approaching our tenth year, we have come a long way, now packaging over 250,000 litres a year. We have beer in cans and keg throughout Northern Ireland. We also have a dedicated export wholesale manager, with distribution networks throughout Europe.

19 of the top 20 Northern Irish beers are ours on Untappd, the beer rating website.

### **Product Range**

We have four core beers:

Pillows is our 4.3% New England style Pale Ale, bursting with flavours of citrus, melon and berry. Available in 24 x 440ml cans and 30L kegs.

Camper is our 4.8% Session IPA. Inspired by our time on the west coast of America, this little delight enjoys layers of tangerine, grapefruit and marmalade. Available in 24 x 440ml cans and 30L kegs.

Imbongo is our 5.5% Tropical IPA. It's absolutely jam packed with all of the juicy, tropical and stone fruit goodness. Available in 24 x 440ml cans and 30L kegs.

Artie is our 4.2% Nitro Stout. It's layered with roasty malts, a velvety smooth texture and highly sessionable. Keg only.

We also brew one off specials each month. You can see more on our website.

## Customers

We supply bars, off license, restaurants, hotels and licensed premises across Northern Ireland. We also export across Europe.
