

Go Pig

Chilled

Background

A delicious, wholesome and contemporary range of low calorie meals catering for all tastes. from the traditional to the exotic.

Go Pig started from a small kitchen in 2016 and in 2018 we moved into our first commercial site and began supplying numerous independent retailers with our products.

In 2022 we secured a contract to supply into the Henderson Group which accelerated our growth and allowed us to offer our products in Spar and Eurospar stores all over Northern Ireland.

Since then we have moved twice due to rapidly outgrowing our premises. With a team of 30 employees, we are currently producing in our purpose built 1600 sq ft facility in the Titanic Quarter in Belfast.

Our ethos is to provide our customers with fresh, healthy, nutritious, calorie counted meals that are affordable, whilst using only quality, locally sourced ingredients. Our production facility has been awarded with SALSA accreditation and with ambitious growth plans, NPD and the appointment of a Commercial manager, we are confident that we will further expand our distribution footprint in ROI and GB. Its an exciting time for GO PIG.
